

A level Further Maths

At Sir Isaac, you will study OCR further mathematics A, course code H245. The content is 50% pure mathematics, and 50% applied, with the applied modules being discrete mathematics and mechanics. You will follow a two year programme, studied alongside A level maths, finishing with four exams at the end of year 13. Note that content from A level maths is required knowledge for further maths, hence you cannot study further maths without also studying A level maths.

| Assessment Overview | | | |
|-------------------------|----------|-----------|----------------------|
| Y541/01: Pure Core 2 | 75 marks | 1h 30 min | 25% of total A level |
